

Until June 30, all available suites and suite products from the 2025–2026 Annual Catalogue and Online Exclusives are Buy One, Get One 50% off! If you’ve had your eye on a new suite from the annual catalogue or you really like the look of a stamp set from an Online Exclusives suite, you don’t have to choose—you can get both!

Q. Can I take advantage of this deal more than once?

A. Absolutely! There’s no limit—aside from the standard preorder purchasing limits, of course.

Q. Break it down for me . . . how does the discount actually work?

A. Like many promotions of this type, the 50% discount applies to the lower-priced item. So, if you buy two items, the one with the lower price gets the discount.

Q. What exactly counts as a “suite item?”

A. The easiest way to check? Head to the [Suites page in the online store](#).

Q. Cool! Can I mix and match suites with this offer?

A. Mix it up! Grab two of the same suite or two different ones. Either way, the same rule applies: the item of equal or lesser value gets the 50% discount.

Q. Can I mix and match my suite items, or do all items need to come from the same suite?

A. You’re welcome to pair a suite item from one suite with a second suite item from a different suite. Variety is the spice of crafting life, after all!

Q. What about product types—can I combine different kinds of suite items?

A. Totally! Go ahead and combine a suite stamp set with some suite ribbon. If it’s part of a suite, it’s fair game. Any combo works!

Q. Bundles have a discount. Do they apply?

A. Yes! This is your chance to double dip and take 50% off the already discounted bundle price on qualifying orders.

Q. Are Last Chance products invited to this party?

A. We’d have it no other way! Go ahead and apply this discount to items on our Last Chance list, following the promotion details, of course.

Q. What if something I want sells out?

A. Sadly, this deal is while supplies last, so don’t wait too long!
